Community Health & Dental Care, Inc. Achieves Re-Certified National Recognition

Pottstown – Community Health & Dental Care, Inc. (CHDC) achieves re-certified Patient-Centered Medical Home (PCMH) Recognition from the National Committee for Quality Assurance (NCQA) for demonstrating practices that follow medical evidence to deliver better care, lower costs, and higher patient satisfaction. NCQA Patient-Centered Medical Home Recognition raises the bar in defining high-quality care by emphasizing access, health information technology and coordinated care focused on patients,” said NCQA President Margaret E. O’Kane. “Recognition shows that Community Health and Dental Care, Inc. has the tools, systems and resources to provide its patients with the right care, at the right time.”

The NCQA Patient-Centered Medical Home program reflects the input of the American College of Physicians (ACP), American Academy of Family Physicians (AAFP), American Academy of Pediatrics (AAP) and American Osteopathic Association (AOA) and others. It was developed to assess whether clinician practices are functioning as medical homes and recognize them for these efforts. The NCQA Patient-Centered Medical Home standards emphasize the use of systematic, patient-centered, coordinated care that supports access, communication, and patient involvement.
