

March 21, 2023

Dear Community Partner,

National Health Center Week (NHCW) will be held August 6 – 12 and is an annual celebration with the goal of raising awareness about the mission and accomplishments of America's health centers over the past five decades. **For 2023, the national theme is "The Roadmap to a Stronger America" and we invite you to save the date and join us for our Community Health Fair on Friday, August 11th.**

Community Health & Dental Care (CHDC) received Federal designation in 2012 as a Federally Qualified Health Center (FQHC) from the federal agency, Health Services Resource Administration (HRSA), which provides CHDC with federal support each year to serve our most vulnerable population throughout the Tri-County area, specifically targeting the Pottstown Borough. The past eleven years, CHDC has expanded locations and services and throughout Berks, Chester and Montgomery counties averaging 275 new patients each month. In 2022, CHDC staff provided over 50,000 visits to our patients whether they have commercial, Medicaid, Medicare, or no insurance in one of our four state of the art facilities giving many people an integrated health care home. Our experienced staff assists each patient with many barriers they face such as food insecurity, housing, insurance renewals, transportation, discounted medication program, personal case and care management support.

With nearly 40,000 registered patients and growing, CHDC provides medical, dental, OBGYN, vision, podiatry, physical therapy, medication-assisted treatment (MAT), integrated behavioral health, care and case management, dispensary, and free transportation to and from all CHDC health center locations in Pottstown and Barto. CHDC strives to be the place where care starts, and through which specialty care is coordinated. We are a team, and our patients are the most important members. As a patient centered medical home for our patients, they are at the heart of everything we do.

Here's what some of our patients have to say:

"My family and I come here for all our health care needs. Staff is wonderful. Beth my children's dentist is absolutely amazing 🙌🏻👍🏻 She works very well with my children's needs and gets everything done wonderfully. Very clean environment and would definitely recommend to others." – N.N.

"I love this office and it's awesome shuttle service. They go above and beyond to make sure you can get to and from your appointments and it's free. The drivers are wonderful and extremely nice. The shuttle is always clean and they are always on time. The doctors are caring and treat the whole person and doesn't just breeze in and out the exams room. I'll never go anywhere else for me and my children ❤️" – H.H.

Throughout the week, we will be honoring public servants, patients, employees, and consumer board members in special ways. With your support and participation in our Health Fair, we know this week-long celebration will be one to remember for years to come! We look forward to receiving your commitment of support by May 15th, 2023.

Sincerely,

Bridgette McGivern, CEO
